

RENTING OF COMMERCIAL VEHICLES

Long-term comfort rental TRUCK CARE

TRUCK CARE Sp. z o.o. | 2022

WHO ARE WE?

TRUCK CARE is a comprehensive commercial vehicle rental service created with the transport business in mind. The answer to the needs of companies that are looking for convenient and flexible solutions.

It is a modern solution in the TSL sector that will ensure the safety of any transport activity.

TRUCK CARE belongs to the strong financial group EFL, which is part of **Credit Agricole S.A.**, one of the largest financial institutions in Europe and Credit Agricole Leasing & Factoring S.A., the most important player in the leasing and factoring sector in Europe. It is also a company of the **DBK Group**, Poland's largest provider of products and services for the TSL industry.

WHO ARE WE?

We specialise in short, medium and long-term commercial vehicle rental. Thanks to our offer, entrepreneurs can continually benefit from new vehicles, the operation of which is simple and comfortable and reduces unnecessary repair costs. An extensive service network ensures constant access to repair services offered under contract.

20
authorised in-house service centres

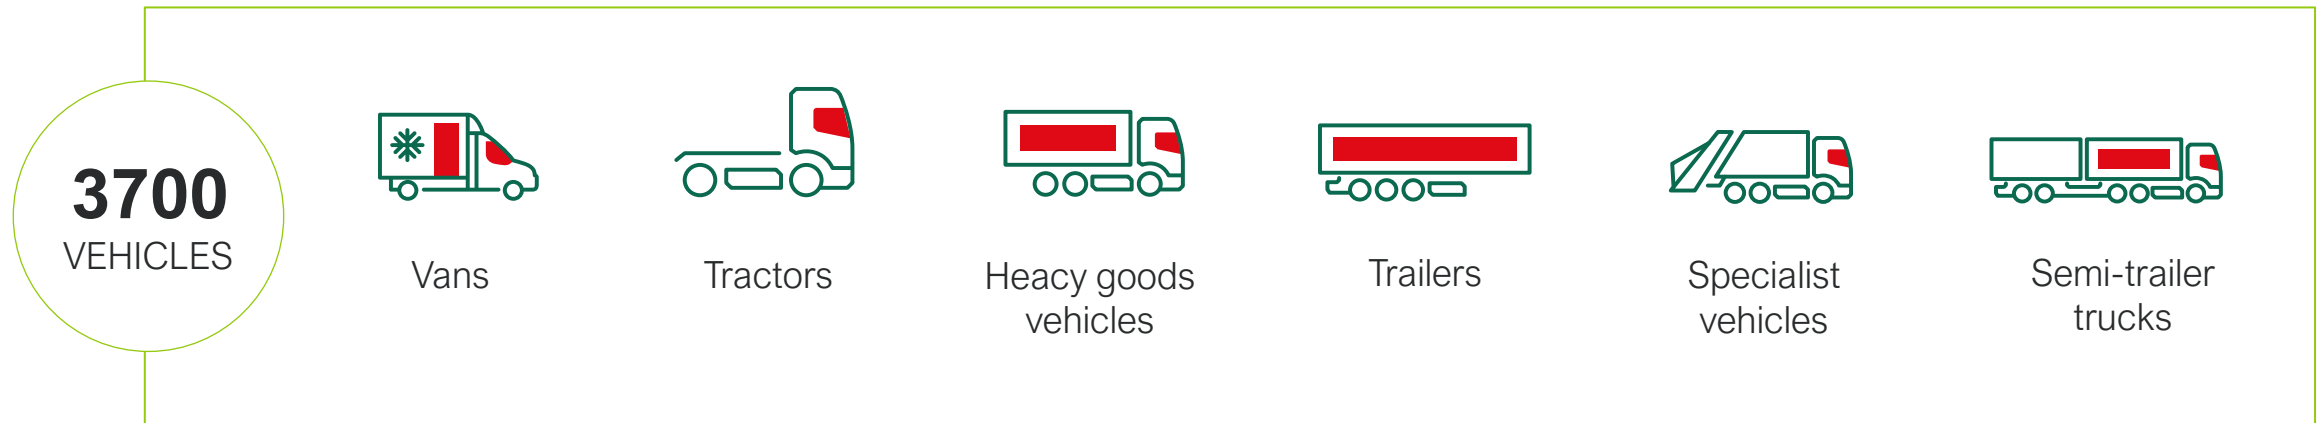

modern service infrastructure
throughout Poland

25+
years of experience

✓ The TRUCK CARE fleet is one of the most modern in Poland, with more than 4500 commercial vehicles of various segments and brands – trucks, vans, trailers and specialised vehicles. Each of these is available in a full contract, including not only the rental, but also financing, insurance, taxes, service, tyres and additional services.

✓ A fleet of vehicles regularly serviced and checked at authorised service centres, with various load capacities and applications, allows us to react quickly to customer expectations and support him in his business.

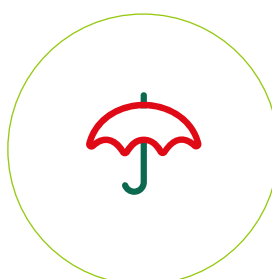

- ✓ TRUCK CARE philosophy is a comprehensive customer service under one roof.
- ✓ We provide our customers with a range of products and services to help them run an effective business..

- ✓ TRUCK CARE is a comprehensive, safe and modern commercial vehicle rental service, designed with the transport business in mind.
- ✓ The long-, medium- and short-term rental offer is the answer to sudden demand, also in companies with an extensive fleet of vehicles.

Short-term rental
from 1 to 45 days

Commercial vehicles from various segments and brands, regularly serviced and checked at authorised service centres – in rental offer from just one day.

Medium-term rental
from 2 to 12 months

Commercial vehicles from different segments and brands, available off-the-shelf in one fixed monthly subscription, at no extra charge, with a full package of additional services.

Long-term rental
over 12 months

Commercial vehicles from different segments and brands, available off-hand in one fixed monthly subscription, at no extra charge, with a full package of additional services.

WHAT ARE THE BENEFITS OF RENTING VEHICLES?

Saving time and resources

You manage your company, work on your next orders and in the meantime we take care of your fleet and its maintenance. Car rental has never been so easy.

Keeping an investment capacity

By renting a fleet of vehicles, you do not lock up your own capital and you do not worry about the loss of value of the vehicles you acquire. It's a safe solution when you plan new investments in future.

Easier management of the company budget

When you rent, your utility costs are fixed, scheduled and guaranteed in advance as a part of your contract.

Optimal order management

Renting is a great business solution in a rapidly changing market.

Expert advisory from TRUCK CARE specialists

We will help you choose the right vehicles for your business needs.

After-sales service

The customer does not bear any additional costs for the operation of the fleet – the provision of the service is the responsibility of TRUCK CARE.

RENTAL OF DELIVERY VANS

TRUCK CARE vans for rental offer a wide range of possibilities. A wide product range of vans, a full range of services that are essential when operating distribution vehicles.

In our offer you will find, among other things:

- Refrigerated lorries that will provide suitable conditions for products requiring temperature-controlled transport.
- Vans/container lorries that will be ideal for distribution in urban conditions.
- Open box – the best solution for transporting weatherproof cargo.
- And many other options tailored to your individual needs.

In this segment, we offer our customers the rental of delivery vehicles, including: IVECO Daily, MAN TGE, Renault Master and Mercedes-Benz Sprinter.

RENTAL OF TRACTORS

We have one of the largest fleets of tractors for rental in Poland and Europe. We focus on the best solutions, which is why we offer our customers proven brands and models that guarantee the highest level of service.

Available brands:

- DAF XF tractors
- MAN TGX tractors
- Mercedes-Benz Actros tractors
- IVECO S-Way and S-Way LNG tractors
- Volvo FH tractors

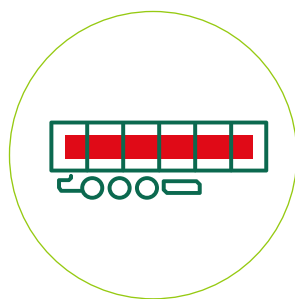

RENTAL OF TRAILERS

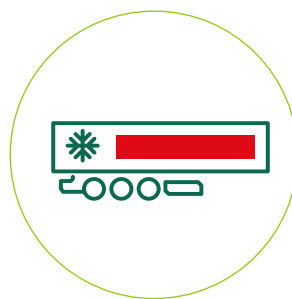

We focus on comprehensive customer service in the transport industry, so our offer could not miss a wide selection of trailers.

At TRUCK CARE we offer our customers semi-trailers from well-known manufacturers we have been cooperating with for years – KÖGEL, SCHMITZ, KRONE et. al.

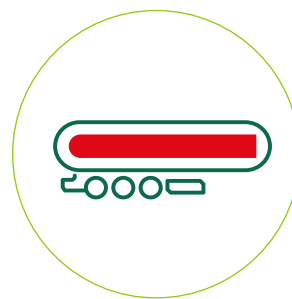

Available are curtain semi-trailers, temperature-controlled refrigerated semi-trailers and all types of specialised semi-trailers such as tank, silo, tipper and container chassis.

RENTAL OF LORRIES

Among the trucks for rental we offer proven models for distribution.

We rely on leading truck brands, such as DAF, MAN, IVECO, VOLVO and Mercedes Benz – these models are characterised by durability, high comfort for the driver and appropriate load capacity while maintaining low deadweight load. We rent two- and three-axle vehicles with any kind of bodywork.

In this segment, we offer our customers the rental of trucks, such as: DAF LF, MAN TGL, Fuso Canter or IVECO Eurocargo.

RENTAL OF SPECIALIST VEHICLES

TRUCK CARE offers rental of municipal vehicles which can be used in any city. Available vehicles are based on well-known and respected truck models, such as MERCEDES, VOLVO, MAN, DAF and SCANIA. The offered models guarantee high usability – these will pass the test while performing municipal tasks in cities, ensuring cleanliness in every place. To meet the highest ecological standards, we also offer a range of CNG-powered vehicles.

Our refuse lorries offer load capacities from 7 m³ to 22 m³, while our hook loaders and skip loaders have load capacities from 5 to 30 t.

Vehicles with hook-lift devices (hook loader trucks)

Vehicles with gantry device (skip loader trucks)

RENTAL OF SEMI-TRAILER TRUCKS

We specialise in the rental of spacious semi-trailer trucks and those equipped with BDF transport systems.

Cubic kits are an ideal solution for transporting bulk cargo, such as foamed polystyrene, windows or car parts in special box pallets. By choosing BDF systems, we have the opportunity to transport various types of cargo without having to replace or expand the fleet. The choice of such solution also allows for better utilisation of existing equipment.

Available brands:
DAF, MAN, Volvo, Mercedes-Benz

TRUCK CARE SERVICE NETWORK

The strength of **TRUCK CARE** is its extensive service network, which ensures that our customers have constant access to contract repair services.

We operate throughout Poland – we have 20 authorised service centres. These are modern facilities where we perform complex repairs and provide access to wide range of spare parts.

In addition, we work with service centres all over Europe, so we can ensure that your rental fleet is supported, regardless of the direction in which your company operates.

- 20 own services and 5 partner services
- 239 repair stations
- 28,868 m² of total workshop floor space
- more than 400 mechanics of various specialisations
- authorisations of DAF, MAN, IVECO, KOEGEL and many others
- body and paint services
- full claim settlement
- extensive spare parts sales network
- remote technical monitoring of vehicles via DBK Fleet Management

Full diagnostics and comprehensive body and paint shop

Our service stations are equipped with modern hardware for full diagnostics, as well as comprehensive body and paint facilities. We provide all types of bodywork services – from removing the effects of minor bumps to repairs after serious incidents. We also provide specialist services in frame straightening, cab repairs and regeneration of damaged components – hubs, clamps, frames and rims.

Wide range of spare parts

In our service network we sell original spare parts of DAF, IVECO, MAN, Kögel brands and high quality substitutes for all brands of trucks, vans, trailers, semi-trailers and buses.

Instant service

Our service stations offer a prompt service, so that vehicles are back in business in the shortest possible time. We provide customers with comfortable waiting conditions for repair in most of our service points. We offer 24-hour roadside assistance with service vehicles arriving at the scene of the breakdown.

Vehicle diagnostic stations

Our service network is supplemented by state-of-the-art district vehicle diagnostic stations where, in addition to periodical inspections, we carry out analyses and technical opinions for external customers.

VEHICLE RETURNS

An important aspect of vehicle rental is to reduce costs and time taken by our customers to return the vehicle at the end of the contract. We strive to simplify procedures and give advice on how to operate the rented vehicle economically and safely.

At TRUCK CARE we insist on clear and simple terms and conditions – including the return of vehicles.

We want returns to be as smooth as possible for our customers, which is why we have **a dedicated brochure** showing how a vehicle should look when it is returned after a contract.

THANK YOU FOR YOUR ATTENTION
